Intermodal Committee

Effective April 15, 2019

Association of American Railroads

Safety and Operations
425 Third Street SW
Washington, DC 20024

IMPLEMENTED 04/2019

Location, Condition, and Why Made code details listed for each component illustrate which codes are applicable to a specific Job Code. However, the AAR Intermodal Interchange Rules, Appendix F, “Complete Matrix,” must be utilized to determine which combinations of Location, Condition, and Why Made codes are valid for each Job Code.
